

125kW inverter price

Overview

The SMA Sunny Highpower Peak3 125-US is a 1,500 VDC grid-tied 125,000 watt (125 kW) AC output PV solar inverter designed for large-scale ground mount and power plant solar projects. The transformerless, three-phase inverter features a compact design for fast, simple installation and commissioning. Maximum string input current 15A, support. If you would like to apply, please see our partner program page for details. 50 I agree to the Shipping & Delivery Policy.
