

# 20MWh Discount for Marine Solar Containers

## Overview

---

As from 2028 there will be a two-Tier GHG pricing mechanism, mandatory GHG Fuel Intensity (GFI) standards and financial rewards for clean technologies on ships  $\geq 5,000$  GT, which will exponentially contribute to sustainable investments like maritime solar solutions. Payback. Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential appliances (air-conditioners, computers, lights, microwaves and more). It's equipped with a 3000 watt power. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Cost Savings: Simple mobile office container installation of 3 kW solar system will save \$2,500-\$4,000 in fuel consumption every year. A German logistics company installed solar panels on 50 chilled containers and reduced their carbon footprint by 62%. Learn more about the product and inquire below. Who is Stealth Power?

Stealth Power provides fleet electrification and off grid solar solutions for customers of all kinds.

## 20MWh Discount for Marine Solar Containers

---

### Mobil Grid® solar container

The Mobil-Grid ® is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and connected, with integrated control cell and batteries.
