

# 30kW Energy Storage Container for Wastewater Treatment Plant

## Lithium battery parameters

Product capacity: 100Ah

Product size: 135\*197\*35mm

Product weight: 1.82kg 197mm  
/7.7in

Product voltage: 3.2V

internal resistance: within 0.5

## Overview

---

ClearFox® containerized wastewater treatment plants offer a highly cost-efficient solution with low capital and operating expenses, as they require no extensive planning, civil works or permanent buildings. The system only needs to be placed on a solid base and connected. As a modular solution, it is easily transportable by land or sea, with minimal onsite installation required. A complete range of process steps including. TLS intelligent containerised waste water treatment system or sewage treatment plant (STP) is a modular system where all waste water treatment equipment is completely preinstalled in ISO standard or offshore standard containers. The modular containerised system with the various components of a. This 30kW all-in-one commercial and industrial energy storage system integrates lithium batteries, inverter, and intelligent energy management into a single compact unit for stable, reliable operation. The Commercial & Industrial 30kW 54. Equipped with advanced lithium-ion battery cells, it offers high energy.

## 30kW Energy Storage Container for Wastewater Treatment Plant

---

### Containerized wastewater treatment plant from BioKube

BioKube offers containerized wastewater treatment plants for easy setup and relocation. This solution is ideal for remote locations such as mining camps and oil rig sites.
