

# 350kW pv distribution used at drilling sites

## 350kW pv distribution used at drilling sites

---

### Solar inverter PVS-350-TL

The new PVS-350-TL by FIMER is designed to satisfy the growing demand of multi-MPPT string inverters for utility PV systems, offering record-high AC capacity combined with a DC front-end ...

[Learn More](#)

---

### 350kW, 1500Vdc String Inverter

The 350kW high power CPS three-phase string inverters are designed for ground-mount applications. The units are high performance, advanced and reliable inverters designed specifically for the North ...

[Learn More](#)

---

### Utility PV System

With a max. efficiency of 99.05% and 60A input current per MPPT, PowerMega enables higher power yields. Featuring IP66 and C5-M anti-corrosion, the 350kW inverter manages to survive harsh ...

## Solar power for oil drilling

This study assesses the potential of solar power for offshore oil and gas operations in Africa to mitigate the issues associated with the use of fossil fuel thereby

### **350 kW, 1500 Vdc String Inverters for North America**

The SCH350KTL inverters are rated for 350kW. Each inverter includes 15 MPPTs and is available with 30 unfused PV string inputs. The CPS FlexOM solution enables communication, controls and remote ...

[Learn More](#)

### **GoodWe Utility PV Solutions**

With its flexible networking and easy operations, the unit is an ideal choice for smart inverters in large-scale commercial and industrial (C& I) as well as utility-scale PV projects.

## Application of the distributed photovoltaic systems towards oil-gas

Because the total installed capacity of DPVS used in oilfields typically does not reach the level of large-scale photovoltaic power stations, while exceeding residential capacities, oilfields often ...

## Datasheet 350kW, 1500Vdc String Inverters for North America

350kW, 1500Vdc String Inverters for North America CPS SCH350KTL-DO/US-800 string inverters are designed for ground-mount applications. The units are high performance, advanced and reliable ...
