

# 500kW Photovoltaic Energy Storage Container Transaction in the Philippines

## LIQUID COOLING ENERGY STORAGE SYSTEM

**EMS** real-time monitoring  
No container design  
flexible site layout

Cycle Life  
**≥ 8000**

Nominal Energy  
**200kwh**

IP Grade  
**IP55**

## Overview

---

On November 18, a consortium comprising China Energy International Engineering (Energy China) and the Guangdong Electric Power Design Institute inked an EPC (Engineering, Procurement, and Construction) contract with Manila Electric Company (Meralco) for the Terra Phase I West District. On November 18, a consortium comprising China Energy International Engineering (Energy China) and the Guangdong Electric Power Design Institute inked an EPC (Engineering, Procurement, and Construction) contract with Manila Electric Company (Meralco) for the Terra Phase I West District.

LONDON, 6 September 2024: Actis, a leading global investor in sustainable infrastructure, has agreed to enter a strategic partnership with Manila Electric Company (Meralco) and its subsidiary, Solar Philippines New Energy Corporation, to invest in the Terra Solar Project, poised to be the world's. The Philippines' Department of Energy has finalized its fourth green energy auction, which specified technical standards for storage that will see close to 5 GWh installed. The Philippines Department of Energy (DOE) has finalized results for the fourth Green Energy Auction (GEA-4), allocating. UK investment firm Actis has finalised its investment in Terra Solar Philippines Inc, thus taking an equity stake in a GW-scale solar and energy storage project in a deal worth USD 600 million (EUR 550. 5GWh BESS project in the Philippines, one of the largest in the world.
