

600a solar ac combiner box standard

Voltage range

636V-876V

Rated voltage

768V

Cell type

Lithium iron phosphate

600a solar ac combiner box standard

AC Combiners

SolarBOS AC Combiners support all string inverters and are highly configurable to fit any application. Our AC Combiner incorporates fuses which are bi-directional, therefore back feeding is not a concern.

FRONIUS AC COMBINER

Offering a range of options, such as internal overvoltage protection, pre-fabricated AC connection cables and a service socket, the Fronius AC Combiner is a customised solution for your individual PV project.

High Current 1500V Combiner

The Shoals High Current Combiner series is used to combine multiple strings per circuit up to a 60A fuse size. This means a more than 50% reduction in return cables over a traditional combiner box.

600 Vac 4:1 AC Combiner Solution for CPS Inverters

Combining CPS inverters with an AC Combiner Box reduces the amount of wires needed to connect the PV system to the grid. The AC Combiner Box is designed specifically for use with CPS 100/125 kW inverters.

Solar Combiner Solutions

Solar Combiner Solutions offer a range of 1 to 48* input circuits, with standard durable non-metallic (NEMA 4X) enclosures, engineered and manufactured to perform in the harshest environmental conditions.

PV AC combiner boxes

The new PV AC combiner boxes have been designed for PV systems with string inverters in trackers or fix tilt systems. The product portfolio is suitable for

inverters from 60 kW up to 200 kW and support voltages of 400 ...

AC Combiner Panels - 400 to 1000A, 480-600VAC

These panels are thermally engineered

for demanding solar applications,
utilizing electronic trip MCCBs and
painted our standard gloss white color.

[Learn More](#)

Our Lifepo4 batteries can be connected in parallels and in series
for larger capacity and voltage.
