

ASEAN Ten Countries Lead-acid Battery Cabinet AC DC Integrated

LiFePO₄

Wide temp: -20°C to 55°C

Easy to expand

Floor mount&wall mount

Intelligent BMS

Cycle Life:≥6000

Warranty :10 years

Overview

The Cabinet offers flexible installation, built-in safety systems, intelligent control, and efficient operation. It features robust lithium iron phosphate (LiFePO₄) batteries with scalable capacities, supporting on-grid and off-grid configurations for reliable energy storage. AZE's Outdoor Battery Cabinets with Air Conditioners are designed to house a variety of batteries, they provide protection from vandalism, dust, rain, snow and dripping water in wireless communication base station including the new generation of 4G system, communication network/network integrated. Delivering high-performance and highly reliable battery energy storage cabinets, integrating customized enclosures with smart system solutions to ensure stable operation of critical equipment across various application scenarios. KDST provides high-performance battery energy storage cabinet. Supplier highlights: This merchant is both a manufacturer and trader, exporting primarily to the United States, Singapore, and South Korea. The positive review rate is 100. Outdoor battery cabinet enclosure are designed to house a variety of batteries and ideal for applications where your expensive and sensitive network equipment is exposed environmental factors such as dust and water.
