

After-sales service for waterproof off-grid solar container in Abkhazia

Overview

Do you offer after-sales support for mobile solar PV containers?

Yes, we offer comprehensive after-sales support including remote monitoring, maintenance services and technical support. It's a QUICK 10 minute phone call! COMPLETE SET UP! RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize. Off-Grid Solar Containers transforms 20-foot shipping containers into complete, turnkey electricity generators—engineered for the places where conventional infrastructure can't reach, and built for those who refuse to compromise on reliability. Born from years of solar expertise at Danger Electric. Stealth Power provides fleet electrification and off grid solar solutions for customers of all kinds. They have explored and implemented solar options for a wide variety of applications and we have found their solar options for shipping containers to be the best in the business. If playback doesn't begin shortly, try restarting your device.
