

Air-cooled container energy storage system diagram

Air-cooled container energy storage system diagram

186 KWh Battery, Container Energy Storage System , GSL Energy

As one of the leading battery energy storage system manufacturers, GSL ENERGY provides a fully integrated and pre-configured solution to minimize installation time and reduce project complexity.

THERMAL ICE STORAGE:

Unlike conventional systems where the chillers load and unload to satisfy cooling requirements, thermal ice storage systems allow for the management of

energy consuming components.
