

Are photovoltaic panels custom-made

Overview

You can indeed get custom-made solar panels with tailored sizes, shapes, and designs to meet your specific energy requirements. Whether it's a rooftop, carport, or unique structure, our panels are adaptable to any surface. With multiple mounting options and seamless architectural integration, we ensure your system not. We, at GermanSolar, engineer, design and manufacture high performing PV On-Grid and Off-Grid panels for your OEM needs based on your PV solar panel-requirements and specifications.
