

Are there 70kW photovoltaic string inverters

Overview

The Afore BNT Series Three-phase string inverters are designed for commercial and power plant PV system applications, rating from 70kW to 110kW. All models with aluminum housing which is anodized, increasing durability and effectively prevents corrosion. Featuring multiple MPPT and IP65 protection, it ensures reliable performance and high capacity. This product is already in your quote request list. New generation Solis PV monitoring platform / SolisCloud is the new generation of intelligent PV system monitoring.

Are there 70kW photovoltaic string inverters

70-110kW Commercial & Power Plants Three Phase String Inverter

With a power range of 70kW to 110kW, they are designed for off-grid, mid-sized, and large power plant applications. These inverters provide reliable performance and efficient solar energy conversion.
