

Are there any free photovoltaic panels on the roof

Overview

The federal government does not provide free solar panels, but many states and utilities offer incentives that can reduce the cost of going solar. You can install solar panels on your roof with no upfront cost by signing a lease or PPA or taking out a \$0-down loan. Yet thousands of homeowners across America are discovering this isn't marketing magic - it's smart financing that turns two major home improvements into one cost-effective project. The concept. The short answer is yes but it's not as simple as "completely free. The federal government doesn't have programs for free solar installation, and it doesn't require companies to provide free solar panels Most free solar panel offers are actually solar leases, power purchase agreements, \$0 down financing — or sometimes. In recent years, more and more companies are offering free roof replacement with solar panels.
