

# Astana approves energy storage project

## Overview

---

The signing today exemplifies the remarkable progress of the 1GW wind and battery storage project, setting the stage for Kazakhstan's stride towards its clean energy ambitions. The transformative project will have a profound. On Decem, the Qazaq Green RES Association together with Huawei Technologies Kazakhstan presented the results of the first phase of the development of the White Paper on "The Potential of Energy Storage Systems (BESS) in the Unified Power System of Kazakhstan. Explore technical specs, regional benefits, and future opportunities. The key. power plants showing 70-90% wear and tear.
