

# Bahamas solar Panel Purchase Cost

## Overview

---

The average cost of solar panels in Nassau is approximately \$3.04 per watt, making a typical 6000 watt (6 kW) solar system around \$12,778 after claiming the 30% federal solar tax credit available [1]. A full solar system for a home in the Bahamas is likely to cost no less. Ready to power your home or project with solar panels?

Let me help you find the perfect solution and make the process seamless from start to finish! Any questions left?
