

Berney Power Frequency Intelligent Inverter Manufacturer

Overview

Since January 2023, Drivhuset AB has been a part of the BEVI group, allowing us to offer the largest range of frequency inverters in the Nordic region. AC10 Series Frequency Drive Overview AC10 series inverter is a product developed on the new technology platform of VEICHI. AC10 products are based on users' market demand for miniaturization, high reliability, and. - Developed with advanced sensorless vector control, V/F control. -. The Intelligent Frequency Inverter is classified under our comprehensive Variable-Frequency Drive range. A well-known manufacturer offers. EPC Power delivers resilient, secure energy solutions for AI, data centers, BESS, and solar PV, strengthening on- and off-grid installations. These products include standard and custom aluminum extrusion heat sinks for. The "ESPOWER" power inverter employs high frequency PWM technology with microprocessor-based design that controls all diagnostics and operations to address the critical AC powering requirements of equipment applications. nearly 20 years experience and professional make us to win more and more customer supports. ZIRI Electrical are also automation control solution provider.
