

Bosnia and Herzegovina New Energy Solar Air Conditioning

 **TAX FREE**    

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

ENERGY STORAGE SYSTEM

Overview

Citation: IRENA (2023), Renewables Readiness Assessment: Bosnia and Herzegovina, International Renewable Energy Agency, Abu Dhabi. The International Renewable Energy Agency (IRENA) is an intergovernmental organisation that supports countries in their transition to a sustainable energy future and. Two local communities in Bosnia and Herzegovina have taken the initiative towards a greener, more sustainable future with innovative renewable energy projects in Public Utilities Water and Sewerage. This surge underscores the country's ongoing transition toward a more sustainable energy future.

Bosnia and Herzegovina New Energy Solar Air Conditioning

Investors in BiH developing 3,800 MW of wind, 12,500 MW of solar

The goal of the ten-year plan is to provide information on projects initiated for the construction of new production capacities to be connected to the transmission system, according to ...
