

# Brunei Mobile Energy Storage Power Supply Vehicle

## Overview

---

The Energy Department recently announced a 50 MW flywheel park near Gadong. Once operational, it could store enough energy to power 8,000 homes during outages. Talk about. Brunei's growing energy demands and commitment to sustainable development make Battery Energy Storage Systems (BESS) a game-changer. The \$220 million energy storage cell project - Southeast Asia's largest coastal battery installation - aims to solve this dilemma. This article explores how cutting-edge battery technologies are transforming Brunei's energy landscape while supporting eco-friendly initiatives. Partnering with Singapore's Nanyang University, Brunei aims to commercialize this tech across Southeast Asia.
