

# CRRC solar Panel Production

## Overview

---

We design and manufacture the whole industrial supply chain for our solar products, including IGBTs and sensors, inverters, enclosures, EMS, PCS and substations. Led by CRRC Times Electric. Engineered from our rail heritage, for reliability and longevity. Our solar PV converter portfolio spans the largest utility scale solar farms down to residential scale systems. CRRC has installed over 20 GW (2022) of solar converters, with Bloomberg Tier 1 and a growing international portfolio. The program featured CRRC Times Electric, a subsidiary of CRRC Zhuzhou Institute, highlighting its innovation-driven entry into solar technology. This year, the company has launched a new concentrated model 3. It is worth noting. Company has been recognized as a 2025 Tier 1 PV Inverter Supplier by S&P Global Commodity Insights! Company has been recognized as a 2025 Tier 1 PV Inverter Supplier by S&P Global Commodity Insights! Exciting News! Zhuzhou CRRC Times Electric has been recognized as a 2025 Tier 1 PV Inverter. CRRC Zhuzhou Institute Supports the Successful Commissioning of Datang Shichengzi Integrated CSP-PV Clean Energy Project Recently, the China Datang Shichengzi Integrated Concentrated Solar Power (CSP) and Photovoltaic (PV) Clean Energy Project has been successfully commissioned. The company's business mainly includes the R&D, manufacturing and sale of wind power equipment and its main components; wind power equipment project design, construction and technical service.
