

Central Asian Five Countries Outdoor Communication Cabinet Wide Temperature Type

Overview

Our custom designs withstand high temperatures (-40°C to 75°C), feature IP68 waterproof sealing, and comply with UL/CE standards for global deployment. We specialize in high-precision. Southeast Asia's tropical climate is characterized by high humidity levels, which can accelerate corrosion and rust in communication cabinets. Learn more! IP55 Rated | 24U | AC110V or. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions. These cabinets are usually made of waterproof, dustproof, and temperature-resistant materials.
