

Congo Communications Project Base Station General Contractor

Overview

Vodacom and Orange have joined hands to form, a first of its kind, rural towerco partnership in Africa. Through this partnership, the companies will collaborate to build, own, and operate solar-powered mobile base stations in underserved areas of the Democratic Republic of Congo (DRC). The Italian oil company ENI recently awarded a contract totalling 250 million euros to a consortium made up of SAIPEM SA, ETDE and AREVA T&D, for construction and Construction company China Overseas is set to begin construction of a hydroelectric dam at the Sounda site in Q1. In total, these solar power plants has a capacity of 225.
