

# Copenhagen electrochemical energy storage

## Overview

---

We are developing battery storage projects from green field to construction and into operations. Copenhagen, Denmark, 20th of January 2025 - European Energy has started on its new in collaboration with Kragerup Estate. This is the first battery storage project that European Energy has undertaken in Denmark, and it will provide valuable operational. Danish renewable energy developer Copenhagen Energy has taken a final investment decision (FID) for the construction of a 53-MWh battery energy storage system (BESS) at home. But who's tuning in?

Urban.

## Copenhagen electrochemical energy storage

---

### 12.8V 200Ah

### Copenhagen Electrochemical Energy Storage

Danish renewable energy developer Copenhagen Energy has brought to the shovel-ready stage a portfolio of 156 MWh of battery energy storage system (BESS) projects
