

# Corrosion-resistant power distribution and energy storage cabinets for water plants

## Overview

---

Explore our high-performance NEMA 4X electrical enclosures, engineered for outdoor and indoor environments where protection from water, dust, and corrosive elements is critical. Ideal for industrial control. Our Enclosures are designed to protect equipment in a wide range of industrial environments. Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid.
