

DC-AC sine wave inverter

Overview

A pure sine wave inverter is a device that converts direct current (DC) such as what's produced by a solar system or RV batteries, to usable alternating current (AC) that most appliances use. Inverter systems to suit any commercial, industrial, or military application. Having tested several, I can tell you that the BESTEK 4000W Pure Sine Wave Inverter 12V DC to AC 110/120V stands out for heavy-duty needs. Price and other details may vary based on product size and color. It means you can run. Schaefer's broad range of dc-ac pure sine wave inverters, with power ratings from 700W to 45KVA (Parallel for higher output power), feature rugged designs and high reliability while providing clean, utility grade power. Whether you need an inverter for your RV, truck, off-grid solar system, or emergency backup, selecting the right pure sine wave inverter is.
