

# Dublin Energy Storage solar container lithium battery

## Overview

---

A single 100MW battery storage facility in Dublin can power 60,000 homes for 4 hours during outages. In 2023, EK SOLAR commissioned a 50MW/200MWh storage facility featuring: "EK SOLAR's containerized battery systems reduced our peak demand charges by 30% within first quarter of. "Energy storage like this major battery plant at the ESB's flagship site in Poolbeg will be a core part of Ireland's new renewable energy transition," Eamon Ryan said. Eamon Ryan (centre) cuts the ribbon to inaugurate the 75MW/150MWh Poolbeg BESS, flanked by ESB's Jim Dollard (left) and Fluence's. The Poolbeg Battery Energy Storage System is located at our Poolbeg Energy Hub in Dublin where some of the latest technologies will support the future delivery of renewable energy including batteries, hydrogen and offshore wind will be deployed over the next decade.
