

Dustproof Korean-made network cabinets for field operations

Overview

KDM's outdoor telecom enclosures are weatherproof, rainproof, waterproof, sun-proof, and dustproof cabinets with IP ratings of IP55 up to IP67 ratings and NEMA standards of 3R up to 6. They have adjustable rack sizes and spacing, a 3 and 4-point locking system, and solar caps to manage heat loads. Kore Konect specializes in the innovative line of Structured Cabling systems (Copper & Fiber-optic solutions) as well as the Server Cabinet, Network Cabinet, UPS and Control Cables catering to a wide range of telecommunication service. With advanced environmental barrier control and durable construction, our climate-controlled cabinets provide protection against heat, dust, water, and environmental. When selecting a dust proof network cabinet, prioritize models with at least an IP54 rating, durable steel or aluminum construction, proper ventilation, and adequate internal space for cable management—ideal for industrial environments or outdoor installations where protection from particulate. Discover AZE's durable and weatherproof Integrated Outdoor Enclosures, designed for harsh environments. Featuring corrosion-resistant materials, advanced thermal management, and customizable designs, these NEMA-rated enclosures are perfect for energy storage, telecommunications, and industrial.
