

Emergency Rescue Power Distribution and Energy Storage Cabinet

Overview

For protected, quick access to emergency supplies during a disaster, this high performance cabinet features a fire-resistant design with durable powder paint “emergency orange” finish for high visibility. It can be located quickly during power outages with the GloAlert™. ISS Brand Fiberglass Cabinets are designed to protect life jackets, fire extinguishers, fire hoses, foul weather gear, breathing apparatus, and other personal emergency protection equipment from exposure to harsh, corrosive environments. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services. It proficiently handles peak shaving, virtual power plant participation, backup power supply, and three-phase unbalance management.

Emergency Rescue Power Distribution and Energy Storage Cabinet

GRADE A BATTERY

LiFePO4 battery will not burn when overcharged over discharged, overcurrent or short circuit and can withstand high temperatures without decomposition.
