

# Energy company uses off-grid solar energy storage cabinet single-phase

## Overview

---

Enphase Energy, a California-based supplier of solar inverters and energy storage systems, has announced a new complete off-grid solar and battery solution. The system is currently available in the United States and will expand to additional markets in 2026. Offering complete independence from utility infrastructure, our new Off-Grid configurations feature intelligent IQ8 Microinverters, state-of-the-art IQ Batteries, and integrated Generator Support. Polar ESS All-in-one ESS is a unique combination product of household batteries and inverters, featuring unparalleled power and price. By taking advantage of the powerful battery capacity of the all-in-one machine, about 85% of energy costs can be saved. Featuring a 600V DC input and three MPPTs. Compatible with 48V EG4 or other.
