

Farm photovoltaic panel scam case

Overview

In that light, five solar panel companies have been accused of deceptive practices in a new lawsuit filed by the Legal Aid Society of New York City. As more families consider solar energy improvements, dishonest companies exploit the fine print in solar panel. NEW YORK - The Legal Aid Society has filed a lawsuit accusing five solar panel companies of deceptive business practices and fraud. Lawyers say the companies work in tandem to target seniors and low-income residents with misleading advertising and miscalculations of cost. At the same time, federal and state regulators have received an increase in consumer complaints about a small number of unscrupulous solar companies. People complain that they were deceived about costs and savings, misled about. At The Holland Law Firm, we specialize in protecting consumers against fraudulent practices within the solar industry, providing legal assistance to those who have fallen victim to deceptive marketing, misleading contracts, and other unethical practices.
