

Fiji Solar IP55 Outdoor Cabinet Long-Term Payment Method

Overview

Featuring an IP55/IP65-rated enclosure, it offers excellent resistance to water, dust, and corrosion, making it ideal for solar energy, wind-solar hybrid, off-grid, and industrial backup power systems. It is built specifically for outdoor installation and integrates advanced LiFePO₄ battery. IP55,IP65,IP66 Outdoor integrated cabinets are primarily used for wireless communication base stations, including next-generation 5G systems, communication networks, network integrated services, access/transmission switching stations, emergency communications/transmissions, etc. They are. Shandong Harbor Electric Power Engineering Co. is a high-tech enterprise focused on the field of power transmission, distribution, and control systems, integrating research and development, production, sales, and service. Includes: locking door with air conditioner,19inch rackmount rails,floormount.

Fiji Solar IP55 Outdoor Cabinet Long-Term Payment Method

IP55,IP65,IP66 Outdoor Cabinet with Air conditioner for Solar, Battery

These cabinets are UV-resistant aging, corrosion-resistant, acid and alkali resistant, wind-resistant, waterproof, and shock-resistant, with a more robust and durable structure.
