

# Financial leasing of photovoltaic panels

## Overview

---

Solar leases involve fixed monthly payments to a solar company that owns and maintains the system on your roof. Lease terms typically span 20-25 years with predetermined payment schedules. Lease payments typically range from \$50-\$250 monthly, depending on system size and local. Leasing with Tesla is the most affordable way to get Tesla Solar Panels and Powerwall. Some or all of the mortgage lenders featured on our site are advertising partners of NerdWallet, but this does not influence our evaluations, lender star ratings or the order in. Solar leases offer an accessible path to solar—but they're not for everyone. “By leasing solar, Americans can avoid upfront costs and could start saving immediately,” says Wyatt Semanek, Public Relations Manager at Sunrun, a U. Your c n, you generally cannot claim government incentives such as federal or st te tax credits.
