

# Financing for Long-Term Projects Using Mobile Energy Storage Containers

## Overview

---

Leverage Project Finance and PPAs: Secure non-recourse debt and long-term revenue contracts like Power Purchase Agreements (PPAs) to attract investors and lenders for large-scale energy storage projects. Reaching Full Potential: LPO investments across energy storage technologies help ensure clean power is there when it's needed. The Department of Energy (DOE) Loan Programs Office (LPO) is working to support deployment of energy storage solutions in the United States to facilitate the transition to. The Energy Storage Association (ESA) has an energy storage vision of 100 GW by 2030 and that goal is right on schedule, even with the economic downturn and global pandemic. Are energy storage projects different than power industry project finance?

Most groups involved with project development usually agree that. After a record 10.3 gigawatts (GW) of new utility-scale capacity was added in 2024, the U. Energy Information Administration (EIA) now projects that an even greater 18. This momentum is more than just a number—it reflects the growing recognition that energy storage.
