

Overview

While free solar panels may seem like a great deal, in almost every case we can think of, they aren't actually free. "I have never seen an advertisement offering free solar that is not a lie," Neil Gallagher of Brighterway Solar, a solar installation company in Florida. The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. The ITC — also known as the Federal Solar Tax Credit — is a popular tax rebate program offered by the US Federal. When something is advertised as "free," it usually comes with a few strings attached—free solar panels are no exception. If you're hearing about "free" or "no-cost solar programs," you're likely being fed a cheap sales pitch to tempt you into signing a solar lease, or a power purchase agreement.
