

# Georgia completes construction of energy storage power station

## Overview

---

20, 2025 / PRNewswire / -- Georgia Power announced today that it has started construction on a new 200-megawatt (MW) battery energy storage system (BESS) in Twiggs County, southeast of Macon, Ga. The BESS projects were authorized by the Georgia Public Service Commission (PSC) through. The 200MW system aims to rapidly dispatch stored energy over a four-hour period, enhancing the reliability and resilience of the electric grid. The project was selected through competitive processes resulting from the 2023 Integrated Resource Plan (IRP) Update and was.
