

Guangyun New Energy Solar Power Generation Panel

Overview

● **Wide Range of Custom Production:** Custom production of solar panels ranging from 2W to 550W to meet various application needs. It is located in Jiangsu, China. According to GlobalData's new research from the MIT Energy Initiative, over a seven-year period, the decline in PV cost of energy is so significant that you must comply with it for solar generation. is a renowned and highly respected manufacturer and agent of new energy equipment in China. We specialize in wind power generation systems, photovoltaic power generation systems, wind-solar hybrid power generation systems, battery energy storage. MBB half cut P-type and N-type high-efficiency modules, support full-black, bifacial, double-glass and other customized requirements. As one of the leading solar panel suppliers in China, the Sunrise module solar products currently mainly include the development, production, installation, and sales of. Guangdong Potential New Energy Co. Our company covers an area of 30,000sqm and over 150 employees. Jiangsu Goyor is a high-tech enterprise, the introduction of advanced automatic production and testing equipment, the company has obtained ISO9001 quality management system certification, TUV, IEC61215, CE and other authoritative product certification.

Guangyun New Energy Solar Power Generation Panel

Jiangsu Gaoyue New Energy Technology Group Co.,Ltd.

Jiangsu Gaoyue New Energy Technology Group Co.,Ltd. Products:Solar Panel, Solar Inverter, Solar Energy Machinery Fittings, Off Grid Solar System, On Grid Solar System
