

# Have photovoltaic panel manufacturers gone bankrupt Zhihu

## Overview

---

Leading residential solar firms like Solcius, Pink Energy, Vision Solar, and Sungevity have filed for bankruptcy. The solar industry experienced exponential growth over the last decade as costs fell and favorable policies helped drive mass adoption. However, 2024 has brought immense challenges, with higher interest rates, tighter financing, and adverse policy shifts in key states contributing to over 100 solar. At the same time, between 2022 and 2025, a wave of bankruptcies and solar companies going out of business occurred in the United States. The solar industry was heavily affected by a range of factors, like higher interest rates, legislative shifts, competition, and financing issues. Some companies. According to our internal data, more than 100 solar companies have shut their doors this year alone—a level of contraction we haven't seen in nearly two decades.
