

Hexagonal lithium battery pack

Hexagonal lithium battery pack

Hexagon Manufacturing Intelligence

Internal Li-ion battery. For all Absolute Arm models equipped with Feature Pack or Control Pack. An additional battery allows the Absolute Arm to be used for longer in applications where cable power is ...

[Learn More](#)

Battery Design and Manufacturing Solution

Enhance battery design and manufacturing efficiency with advanced simulation tools, cutting production costs while ensuring products are both affordable and reliable.

Hexagon Purus ProPack Battery Systems

We provide highly efficient, mass-produced battery modules in a standard form factor with integrated battery management. Those modules are

integrated into liquid-cooled, sealed packs in a wide range ...

[Learn More](#)

Battery systems

We offer high energy density battery packs and fully integrated electrified accessory systems to deliver light, efficient and long range zero-emissions power for commercial medium- and heavy-duty vehicles.
