

# High cost-effective small outdoor power supply

## Overview

---

What's the best cheap portable power station right now?

I've put over 120 portable power stations to the test to discover the absolute best. And, thanks to advances in lithium-ion battery technology, they're also lighter and more compact. Whether you've been dreaming of van life or are building out your emergency kit in advance of that next blackout, there is. We tested out over 40 compact power stations to find out which ones will keep the lights on during blackouts even when you're off the grid. When you purchase through links on our site, we may earn an affiliate commission.

EcoFlow Delta 3 Plus Best on a budget 2. It delivers an impressive 600W of power, and it's affordably priced — currently on sale for under \$400 — it offers a combination of price, power, and portability that hits the sweet spot: ample power without breaking the bank.
