

High quality on grid inverter in Sudan

Overview

Black Dragon offers the BDS 10. 6KW On & Off-Grid Inverter, a powerful and versatile solution for managing energy needs in both grid-tied and off-grid scenarios in Sudan. This high-frequency inverter is designed to handle substantial loads with a rated power of 10. Let's explore. A recent home installation project in Khartoum, the bustling capital city situated on the banks of the Nile, demonstrates just how transformative solar energy can be when paired with high-performance equipment offered at a competitive price. Sudan is geographically blessed with abundant sunlight. Innovative energy for resilient livelihoods in underserved regions. We design, install and maintain solar systems that empower Sudanese communities and businesses. Project Overview 2 x 8kW inverters (operating in parallel, supporting up to 16kW load) 5 x 10kWh MOTOMA storage batteries (total storage).
