

# How many energy storage battery manufacturers are there in Switzerland

## Overview

---

Detailed info and reviews on 10 top Energy Storage companies and startups in Switzerland in 2026. Get the latest updates on their products, jobs, funding, investors, founders and more. Leclanché SA is a leading manufacturer of advanced energy storage solutions, particularly in lithium-ion technology. If you're interested in the Energy market, also check out the top. Tip: Select a quick entry below to view selected battery technology manufacturers by industry. Apheros novel metal foams offer unprecedented properties due to their extremely high surface area and low density. Some of. Lithium-ion rechargeable batteries are increasingly powering our world in automotive, industrial energy storage, and consumer electronic. The Spoke produces a product that consists of a mix of cathode and anode battery materials, including lithium, nickel and cobalt, as well as graphite, copper. Oerlikon Stationary Batteries Ltd. manufactures a full range of stationary lead-acid batteries, notably the valve-regulated Compact-Power™ family which has become a key component in telecom power equipment and a whole variety of other applications. The family comprises 2V cells as well as 4V, 6V.
