

Huawei 800v energy storage battery

FLEXIBLE SETTING OF
MULTIPLE WORKING MODES

Overview

High-Voltage Architecture: Optimized for rapid energy transfer without compromising battery longevity or safety. As the industry's first extended-range battery to offer a 65kWh capacity, the S800 delivers extended driving ranges and sustained power for heavy-duty applications. Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series. A. When selecting a solar battery Huawei solution for home energy storage, prioritize models that offer seamless integration with Huawei inverters, high round-trip efficiency (over 95%), lithium-ion NMC or LFP chemistry, and strong cycle life (6,000+ cycles at 80% depth of discharge). All four models can be used together. This table only applies to scenarios where up to 5 ESSs are connected in parallel.
