

Install Solar Outdoor Container

Overview

This is a detailed walk-through of the planning and installation of our 3kW - 5kWH - 120V off-grid solar system that powers a rehabbed shipping container. Our family of 6 spent many years traveling full-time in our renovated vintage. Whether you're operating off-grid, offering disaster relief, or just looking for an all-around renewable energy option, mobile solar containers are hard to beat. These behemoths jam solar panels, inverters, batteries, and control systems into a shipping container that you can access anywhere. This idea represents ingenuity and sustainability. However, the process requires careful planning. It involves hard work and smart choices.
