

Intelligent Photovoltaic Outdoor Cabinet High-Efficiency Model

Overview

With a rated AC power of 50kW and a rated capacity of 100kWh, this system boasts a high system voltage range of 739. Benefit from advanced features such as MPPT range of 315-600V, intelligent air cooling, and IP54 protection level. The Sunway 50kW/100kWh Outdoor Energy Storage System integrates high-performance lithium iron phosphate batteries, modular PCS, intelligent energy management, and a robust power distribution system—all within a weatherproof, front-maintenance cabinet. Designed for rapid deployment and flexible. HBOWA PV energy storage systems offer multiple power and capacity options, with standard models available in 20KW 50KWh, 30KW 60KWh, and 50KW 107KWh configurations. You can add many battery modules according to your actual needs for customization. This energy storage cabinet is a PV energy storage. bution systems, environmental control systems, and fire control sy iority is self-generation and self-use, and surplus electricity storage. Sustainable, high-efficiency energy storage solutions.

Intelligent Photovoltaic Outdoor Cabinet High-Efficiency Model

One Site One Cabinet Power Cabinet Solution

One cabinet per site is sufficient thanks to ultra-high energy density and efficiency. The eMIMO architecture supports multiple input (grid, PV, genset) and output (12/24/48/57 V DC, 24/36/220 V ...
