

Is it tiring to be a warehouse manager for photovoltaic panels

Overview

A typical day for a Solar Warehouse Manager involves overseeing inventory flow, coordinating shipments and deliveries, ensuring compliance with safety standards, and collaborating closely with installation teams and suppliers. Accurately represents on-hand inventory. Should I become a warehouse manager at my solar company or stay as an electricians helper?

My goal is to be an electrician in the long run. : r/electricians Welcome to /r/Electricians Reddit's International Electrical Worker Community aka The Great Reddit Council of Electricians Talk shop, show off. With their vast rooftops, warehouses seem like the perfect candidates for solar panels. Yet, the amount of solar on these buildings remains surprisingly low. We are currently seeking an Inventory Crew Member to support our warehouse.
