## Overview

---

JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. Our diverse product solutions are already being used in a large number of centralised PV power plants, agrivoltaics and floating PV power plants. With our broad product portfolio, we offer sustainable. Business owners can save on electricity costs and earn additional income by using the generated solar power for their own needs and selling the excess back to the grid. They produce high-performance solar panels for residential, commercial, and utility-scale projects. JA Solar is considered a budget brand, but among the different affordable panel manufacturers, JA Solar delivers relatively high.
