

Jinlang Technology PV Inverter Export

Overview

It is a high-tech enterprise specializing in R&D, production, sales and service of string inverters for core equipment of distributed photovoltaic power generation systems. Jinlang Technology has recently announced the sale of four subsidiaries for a total of 29.059 million yuan, with the equity change registration already completed. This is not the first time the company has disposed of subsidiaries; between 2024 and June 2025, it canceled 505 subsidiaries and. Jinlang Technology Co. (Shenzhen Stock Exchange: 300763) was established in 2005. Why Are Three-Phase Inverters Dominating Solar. Jinlang Technology 320kW three-phase string photovoltaic inverter, G6-GU320K-EHV industrial and commercial solar photovoltaic inverter Skip to navigation Skip to content Let our product. It was founded in 2005 by Yiming Wang with headquartered in Ningbo, Zhejiang, China.
