

Kenyan manufacturer of safe iron flow batteries

Overview

ABM (Associated Battery Manufacturers) is the only battery manufacturing company in Kenya, and the largest in East and Central Africa. Conventional batteries like lithium-ion have limited scalability for stationary applications and present safety risks and environmental concerns due to the scarcity of the raw material used and potential fire hazards. Specialising in the production of solar batteries and automotive batteries, we uphold. Their commitment to sustainable energy solutions is highlighted through their Chloride Solar division, which offers both solar grid-tie and off-grid systems. East Africa's. Primroot.

Kenyan manufacturer of safe iron flow batteries

Here's the Top 10 List of Flow Battery Companies (2025)

As iron flow batteries consist of earth-abundant and non-toxic materials, they are environmentally friendly, safe, and one of the most reliable electrochemical energy storage devices.
