

# Kosovo Solar Base Station Lead-Acid Battery Location

## Overview

---

The Prime Minister of the Republic of Kosovo, Albin Kurti, and the Minister of Economy, Artane Rizvanolli, today participated in the launch ceremony of the Prequalification for the Energy Storage Project through Batteries, which will be located in the cities of Ferizaj and Istog. The two lots are for 45 MW and 125 MW in operating power, with a duration of two hours. The United States, acting through its Millennium Challenge Corp. (MCC) and. eryl energy storage system. 1 Both plants are part of the Kosovo Energy Corporation that also owns and operates t ed coal plants like. Solar battery storage project ground Kos ojectswith a cumulative capacity of 170 MW. The minister expects that 45 MW/90 MWh and 125 MW/250 MWh battery storage procurement exercises will be launched this year in cooperation wit em BESS) project in Europe (MW per cap energy and battery energy. Applications for prequalification for the design and build of utility-scale battery energy storage systems (BESS) and transmission connection infrastructure should be submitted by February 14.
