

# Laos goes solar panels

## Overview

---

Oudomxay Province on 13 December officially inaugurated a 1,000-megawatt solar power project, marking one of Laos' largest renewable energy developments to date. The facility was developed by CGN Energy Technology (Laos) Co. in partnership with the Lao government. This landmark initiative represents a major boost to the region's green energy capacity and underscores the growing momentum behind utility-scale solar. (Yicai) Dec. 19 -- China General Nuclear Power Group, a state-owned atomic and clean energy developer, has kicked off construction at Laos' first large-scale photovoltaic power generation project, with an installed capacity of 1 million kilowatts. Located in the northern provinces of Oudomxay, Luang Namtha, and Phongsaly, the project is. Construction has commenced on the first phase of the one-million-kilowatt photovoltaic project at China General Nuclear Power Corporation (CGN)'s clean energy base in northern Laos.

### Home Energy Storage (Stackble system)

**Product Introduction**

- 1 Scalable from 10 kWh to 50 kWh
- 2 Self-Consumption Optimization
- 3 Integrated with inverter to avoid the compatibility problem
- 4 LFP battery, safest and long cycle life
- 5 Stackble design, effortless installation
- 6 Capable of High-Powered Emergency-Backup and Off-Grid Function
