

Large-capacity outdoor telecom enclosures

Overview

Whether you're planning a single installation or a large-scale network deployment, we deliver BABA-compliant outdoor telecom enclosures built to perform and engineered to last. Contact our team to discuss your requirements, or request a quote for your specific outdoor. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies. KDM's outdoor telecom enclosures are weatherproof, rainproof, waterproof, sun-proof, and dustproof cabinets with IP ratings of IP55 up to IP67 ratings and NEMA standards of 3R up to 6. They have adjustable rack sizes and spacing, a 3 and 4-point locking system, and solar caps to manage heat loads. Our enclosures are built to withstand rain, dust, corrosion, and extreme temperatures, making them ideal for telecommunications, utilities, oil & gas, and industrial applications. We also offer customizable options to meet your unique needs. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices. Efficient outdoor. The DDB 5G Series, the answer for when you need it today. HVAC climate control, electronic land panel, a side spool cabinet, extra battery support for battery backup, backup generator plug.
