Generator information and support

If my husband were still healthy we'd install a generator ourselves, but he isn't and my time and energy is spent taking care of him. I've gotten one consultation and quote from a company that Costco referred me to.

Generator Replacement Home Backup System

I ran some numbers and figured I'd need 2 boxes minimum to run a 12kW low frequency inverter to replace the 17kW generator to start my 5 ton AC. At less than \$6k a battery backup became affordable.
